

Anderson, I know the article to the right will not be easy to read. However, it is readable. We need to keep deceitful people such as these union representatives honest. Most of the members of this union see very little in the form of increased wages. Their pensions and benefits were reduced during the last contract settlement. New hires will see lower wages and hardly any benefits at all until they have been on the job for a couple of years. And yet these new hires still have to pay union dues in order to be employed!

Dear Anderson Cooper,

I heard recently that Anderson Cooper is "keeping them honest." I just love that concept because there are hundreds of thousands of UFCW members in this country who need somebody like you to keep the leaders and the representatives of these Unions honest. Many UFCW Unions across this country are being operated by dishonest and greedy individuals, who have shown by their actions, absolutely no concern for their hard working dues paying members.

If you are wondering why there aren't Government agencies that would do a better job "keeping them honest," well the answer is those Government agencies are also being operated by dishonest individuals. The U.S. Department of Labor is just a joke. Unions throughout America don't have to answer to anybody. They have used their members money to buy friends in the news media, political, and judicial arenas. Money talks and the complaints from poor union members fall on deaf ears.

Mr. Cooper, on the other side of this postcard is an article that UFCW 8 published recently. It features an article from a recently retired union representative. He wants to paint a rosy picture of this Union to the rank and file. Below is why I believe this individual is so excited about this Union's leaders.

Below shows what representative Steve Goff received from UFCW 8 in salaries for the last six years prior to retirement:

Year 2000: Received \$88.930 as a Business Representative as a Business Representative Year 2001: Received \$100.186 Life as a Business Representative Year 2002: Received \$134,096 has been as a Meat Div Coordinator good to Year 2003: Received \$142,782 Steve Goff! as a Meat Div Coordinator Year 2004: Received \$153.077 Year 2005: Received \$155,598 as a Meat Div Coordinator

Six year total: \$774,669

All salary figures were obtained from DOLUFCW 8 "2006" salary information has yet to be filed with the DOL

Mr. Cooper, it appears that Steve Goff and this Union have been working diligently to provide some hefty annual raises for Mr. Goff before Mr. Goff retired. This man's salary nearly doubled in six years. This kind of practice is common at this labor union. Mr. Cooper, the "powers that be" at this union have no one in which they have to answer to.

Sincerely, Frank S. Nordby Was Steve Goff's retirement pension based on a percentage of his highest ending salary? Is this the reason for the outrageous annual raises for the last five years?

Did you know that UFCW 8 hasn't offered their members an honest election of union officers for more than 25 years?

Anderson, nobody wants to "Keep Them Honest."
