

# The Quilters Station

## Price List

The number of square inches in the quilt calculates quilting charges. To determine the SI you will need to measure the Length \_\_\_\_ x Width \_\_\_\_ = SI \_\_\_\_\_. To determine the cost of quilting you will multiply the SI by the fee for the chosen quilting.

Example: Quilt top is 84 x 98 = 823200 SI  
 823200 x .0125 = 102.90  
 823200 x .0145 = 119.37  
 823200 x .0165 = 135.83

See the list of Edge to Edge Patterns to choose from in each price category.

### Min Charge \$40.00 Edge to Edge Quilting and \$100.00 Custom Quilting

Quilts can not exceed 110" in Width.

All quilts are carefully measured, pinned and basted to the machine keeping quilt measurements in tact. Quilts will lay flat and will be square when complete. I guarantee all my work not only to your satisfaction but also to mine. I have been known to remove stitches when the results did not meet my expectations.

<b>Edge to Edge Quilting:</b> Pantograph pattern is followed covering the entire quilt top Including borders. <i>Most of my patterns are very detailed and considered custom work Without the custom charge.</i>	<b>.0125 SI And Up</b>
Custom quilting is considered on a case by case base, I reserve this service for my existing customers only so You must be a repeating customer with edge to edge quilting. I will only do 2 custom quilts per month so your turn around time can be much longer.  <b>Custom Quilting</b> - Stitch in the Ditch around and/or in quilt blocks and/or motifs. Requiring numerous Stopping and starting. Thread color changes. Freehand meandering/feathering etc. Based on number of hours spent on quilt.	<b>.040 SI And Up</b>
<b>Border Patterns – Turning Charge</b> With the exception of freehand feather borders. Quilts must be removed/turned And loaded on the machine again to do the side borders. This is a fee for turning the Quilt.	<b>\$10.00</b>
<b>Basting:</b> Basting is great for hand quilters (not recommended if you plan of quilting on a home Sewing machine). The quilt is basted approximately every 2 inches across the quilt	<b>.0750 SI \$25.00 Min Charge</b>
<b>Binding:</b> Machine stitched on the front of the quilt and hand stitched on the back of the quilt. <b>Binding:</b> Machine Stitched on Front of the quilt only and you finish the hand work.	<b>.020 a linear Inch .010 a linear Inch</b>
<b>Thread Charge:</b> My Gammill machine uses a “M” Style bobbin which is 2-3 times the size of a home Sewing machine bobbin. This fee is charged after the quilt is finished based on how Many bobbins were uses. This will depend on the type of pattern chosen and the type Of thread chosen. I use cotton and polyester threads. Madeira, King Tutt, Sew Fine, Bottom Line just to name a few.	<b>.50 per bobbin Plus .50 For top Thread</b>
	<b>\$15.00</b>

<p><b>Pressing:</b> Please see instructions for preparing your quilt top for quilting. I will lightly press the Backing material because it often will have a crease from sitting, however as a general Rule the quilts are quilted in the condition received. If you wish for me to press for you There is a fee.</p>	<p><b>Per Item</b></p>																						
<p><b>Repairs:</b> The most common area is in not applying borders correctly (see instructions for applying Borders) If the borders have a wave and/or excess fabric this can be corrected in two Ways.</p> <ol style="list-style-type: none"> <li>1. Removing the borders, measuring and applying again with corrected Measurements.</li> <li>2. A Tuck (s) can be quilted in the border to take in the excess fabric. This can Cause your quilt to measure longer on one side and you will see a straight line Of stitching on the backside of the quilt or I will use Liquid Stitch when ever Possible so this is not seen.</li> </ol> <p>Ripped or missed seams – I will re-stitch the seam before quilting if I catch them prior To loading the quilt.</p>	<p><b>\$25.00 Per Side</b></p> <p><b>\$1.00 per Tuck</b></p> <p><b>\$1.00 per seam</b></p>																						
<p><b>Clipping Threads:</b> Please read instructions for preparing your quilt top for quilting. Quilts are quilted in the Condition received. I will clip threads from the top of the quilt as I go but I do not Guarantee threads not to show through light colored fabric from the migrating threads On the backside of the quilt. If you wish for me to clip the backside of the quilt free of Migrating threads, there is a fee.</p>	<p><b>\$20.00 per hour</b></p>																						
<p><b>Batting:</b> I recommend cotton batting in all baby quilts because the fibers allow air through And will not get a baby overheated. Also fibers burn rather than melt in case of fire. You may also want to consider Dream Cotton's new product Dream Angel. Commonly used battings I carry on the roll and it is sold by the linear inch. You can use the Smallest measurement of the quilt however batting does have a straight of Grain as fabric Does so I recommend using the length measurement of the quilt.</p> <table border="1" data-bbox="203 1470 1604 2011"> <tr> <td colspan="2" data-bbox="203 1470 1604 1512" style="text-align: center;"><b>Warm and Natural 100 % Cotton</b></td> </tr> <tr> <td data-bbox="203 1512 1437 1585"><b>On a Roll 90" Wide</b></td> <td data-bbox="1437 1512 1604 1585"><b>.29 Linear Inch</b></td> </tr> <tr> <td data-bbox="203 1585 1437 1627"><b>Crib Size Package 45 x 60</b></td> <td data-bbox="1437 1585 1604 1627"><b>\$11.99</b></td> </tr> <tr> <td data-bbox="203 1627 1437 1669"><b>King Size Package 120 x 124</b></td> <td data-bbox="1437 1627 1604 1669"><b>\$43.99</b></td> </tr> <tr> <td colspan="2" data-bbox="203 1669 1604 1711" style="text-align: center;"><b>Warm and White 100 % Cotton</b></td> </tr> <tr> <td data-bbox="203 1711 1437 1785"><b>On a Roll 90' Wide</b></td> <td data-bbox="1437 1711 1604 1785"><b>.32 Linear Inch</b></td> </tr> <tr> <td data-bbox="203 1785 1437 1827"><b>Crib Size Package 45 x 60</b></td> <td data-bbox="1437 1785 1604 1827"><b>\$12.99</b></td> </tr> <tr> <td data-bbox="203 1827 1437 1869"><b>King Size Package 120 x 124</b></td> <td data-bbox="1437 1827 1604 1869"><b>\$44.99</b></td> </tr> <tr> <td colspan="2" data-bbox="203 1869 1604 1911" style="text-align: center;"><b>Thermore Ultra Thin</b></td> </tr> <tr> <td data-bbox="203 1911 1437 1953"><b>Throw Size 45 x 54</b></td> <td data-bbox="1437 1911 1604 1953"><b>\$12.99</b></td> </tr> <tr> <td data-bbox="203 1953 1437 2011"><b>Queen Size 90 x 108</b></td> <td data-bbox="1437 1953 1604 2011"><b>\$24.99</b></td> </tr> </table>		<b>Warm and Natural 100 % Cotton</b>		<b>On a Roll 90" Wide</b>	<b>.29 Linear Inch</b>	<b>Crib Size Package 45 x 60</b>	<b>\$11.99</b>	<b>King Size Package 120 x 124</b>	<b>\$43.99</b>	<b>Warm and White 100 % Cotton</b>		<b>On a Roll 90' Wide</b>	<b>.32 Linear Inch</b>	<b>Crib Size Package 45 x 60</b>	<b>\$12.99</b>	<b>King Size Package 120 x 124</b>	<b>\$44.99</b>	<b>Thermore Ultra Thin</b>		<b>Throw Size 45 x 54</b>	<b>\$12.99</b>	<b>Queen Size 90 x 108</b>	<b>\$24.99</b>
