

## Rhino Over Head Stereo Mount

Qty.	Item
5	1/4" x 5/8" Screw
5	1/4" Locknut
5	1/4" Washer
1	Overhead Mount
5	Rubberized 1 1/2" Clamps
1	Antenna

1. The rest of the instructions are the mount sits up against the bottom of the roll bars and the five clamps hold it there.
2. Get the five clamps and insert them around the two overhead roll bars, three on the front bar and two on the rear bar
3. Take the mount and hold it to the bottom of the roll bars in the middle of the rhino
4. There will be two clamps facing forward and one facing rearward on the front set of mounting holes.
5. Using the screws push them thru the mount from the bottom with a washer on the screw
6. Slide the two tabs of the clamp over the exposed screw and attach a lock nut.
7. Repeat on the remaining four holes
8. Before tightening the screws make sure the mount is in the center of the rhino
9. Now install the enclosure according to the instructions with it
