1. Take the enclosure with or without the radio in it and secure it to the mount with the two plastic knobs that are included with the enclosure.
2. Hold the mount and enclosure under the dash and decide where you want it mounted then mark the holes or mount placement.
3. Remove the enclosure from the mount
4. Hold the mount back in the position you marked
5. Using a drill and a 1/4" drill bit, drill the holes thru the plastic right thru the mounting holes in the mount.
6. Once you drill all four holes attach the mount to the dash with the enclosed screws, washers and lock nuts.
7. The washers need to go behind the dash.
8. Now install the enclosure according to the instructions with it
