

## Phencyclidine (PCP) Cross-Reactivity Table

*The following compounds tested POSITIVE using the Phencyclidine (PCP) assay at the 25 ng/mL cutoff.*

| Postive Compounds                          | Trade Name   | Concentration Tested (ng/mL) |
|--|--|------------------------------|
| 1-Phenylcyclohexylamine                    | PCA  | 10,000                       |
| 1-1-Phenylcyclohexyl pyrrolidine           | PHP  | 100                          |
| 1-1-(2-Thienyl)-cyclohexyl morpholine      | TCM  | 1,000                        |
| 1-1-(2-Thienyl)-cyclohexyl piperidine      | TCP  | 25                           |
| 1-(1-Phenylcyclohexyl)-4-hydroxypiperidine | PCHP   | 100                          |
| 1-(1-Phenylcyclohexyl)-morpholine          | PCM  | 1,000                        |
| 4-Phenyl-4-piperidinocyclohexanol          | 4-OH-PCP   | 5,000                        |
| Brompheniramine                            | Dimetane, Dimetapp, Nasahist, ND-Stat, Oraminic II | 500,000                      |
| Cyclizine                                  | Happytrip, Marezine                                | 500,000                      |
| Cyclobenzaprine                            | Cycloflex, Flexeril                                | 500,000                      |
| Diphenhydramine HCl                        | Banophen, Benadryl, Diphedryl, Simply Sleep        | 500,000                      |
| Doxepin HCl                                | Adapin, Sinequan                                   | 500,000                      |
| Hydroxyzine 2HCl                           | Anxanil, Apo-Hydroxyzine, Atarax, Hyzine-50        | 100,000                      |
| Methylphenidate                            | Ritalin  | 100,000                      |
| Mianserin                                  | Bolvidon, Lumin, Tolvon                            | 500,000                      |
| N-Ethyl-1-phenylcyclohexylamine            | PCE  | 1,000                        |
| N,N-Diethyl-1-phenyl-cyclohexylamine       | N,N-Diethyl PCA                                    | 100                          |
| Orphenadrine HCl                           | Flexoject, Myophen, Norflex                        | 500,000                      |
| Phencyclidine                              | PCP  | 25                           |
| Pheniramine (maleate)                      | Trimeton   | 500,000                      |
| Phentolamine HCl                           | Regitine, Vasomax                                  | 500,000                      |
| Phenyltoloxamine citrate salt              | Poly-Histine-D                                     | 500,000                      |
| Prilocaine HCl                             | Citanest   | 500,000                      |
| Procyclidine HCl                           | Kemadrin   | 500,000                      |

*The following compounds tested POSITIVE using the Phencyclidine (PCP) assay at the 25 ng/mL cutoff.*

| <b>Postive Compounds</b> | <b>Trade Name</b> | <b>Concentration Tested (ng/mL)</b> |
|--------------------------|-------------------|-------------------------------------|
| Promethazine HCl         | Phenergan         | 500,000                             |
| Propiomazine (maleate)   | Largon            | 500,000                             |
| Pyrilamine maleate salt  |                   | 500,000                             |
| Thonzylamine             |                   | 500,000                             |
| Trihexyphenidyl HCl      | Artane            | 500,000                             |
| Tripelennamine HCl       | PBZ, PBZ-SR       | 500,000                             |

The following compounds tested NEGATIVE on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds                | Trade Name   | Concentration Tested (ng/mL) |
|-----------------------------------|--|------------------------------|
| 1, 3-Dimethylbarbituric acid      |  | 500,000                      |
| 10, 11-Dihydrocarbamazepine       |  | 500,000                      |
| 1-Phenylcyclohexylamine           |  | 500,000                      |
| 5,5-Diphenylhydantoin (Phenytoin) | Dilantin   | 500,000                      |
| 5-Hydroxyindole-2-carboxylic acid |  | 500,000                      |
| 5-Hydroxyindole-3-acetic acid     |  | 500,000                      |
| 5-Hydroxytryptamine (Serotonin)   |  | 500,000                      |
| 6-Monoacetylmorphine              |  | 100,000                      |
| 8, 11-di-OH- $\Delta^9$ -THC      |  | 100,000                      |
| 11-nor- $\Delta^9$ -THC-COOH      |  | 9,330                        |
| Acetaminophen (paracetamol)       | Anacin, Datri Extra, Liquiprin, Panadol, Tempra, Tylenol                     | 500,000                      |
| Acetanilide                       |  | 500,000                      |
| Acetazolamide                     | Diamox, Acetazolam   | 500,000                      |
| N-Acetyl-L-cysteine               | Mucomyst, Mucosil, Parvalex  | 500,000                      |
| N-Acetylprocainamide              |  | 500,000                      |
| Acetylsalicylic Acid              | Aspirin, Bufferin  | 500,000                      |
| Acyclovir                         | Zovirax  | 500,000                      |
| Albuterol                         | Proventil, Ventolin, Salbutamol  | 500,000                      |
| Allobarbital                      | Asmac, Cibalgine, Diadol, Dially Barbituric Acid, Dial, Malilum, Sornnocodal | 100,000                      |
| Allopurinol                       | Alloprim, Apo-Allopurinol, Lopurin, Novopurol, Purhol                        | 500,000                      |
| Alpha-Hydroxyalprazolam           |  | 100,000                      |
| Alphaprodine HCl                  |  | 100,000                      |
| Alphenal                          | Alphenate, Allofenyl, Efordal, Fenallymal                                    | 100,000                      |
| Alprazolam                        | Tafil, Valeans, Xanax, Xandor  | 100,000                      |
| Alprenolol HCl                    |  | 500,000                      |
| Amantadine HCl                    | Symadine, Symmentrel   | 500,000                      |
| p-Aminobenzoic Acid (PABA)        |  | 500,000                      |
| Aminoglutethimide                 | Cytadren, Orimeten   | 500,000                      |
| l-Aminopyrine                     |  | 500,000                      |
| Amitriptyline HCl                 | Elavil, Endep, Enovil, Emitrip   | 100,000                      |
| Ammonium Chloride                 |  | 500,000                      |
| Amobarbitol                       | Amytal   | 100,000                      |
| Amoxapine                         | Asendin  | 500,000                      |
| Amoxicillin                       | Amoxil, Polymor, Trimox, Wymox   | 100,000                      |
| Amphetamine                       |  | 100,000                      |
| d-Amphetamine                     |  | 100,000                      |

The following compounds tested NEGATIVE on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds                   | Trade Name  | Concentration Tested (ng/mL) |
|--------------------------------------|---|------------------------------|
| Ampicillin Na <sup>+</sup> salt      | Omnipen, Polycillin, Principen,   | 500,000                      |
| Ampicillin anhydrous                 |   | 500,000                      |
| Aniline HCl                          |   | 500,000                      |
| Aprobarbital                         | Alurate   | 100,000                      |
| l-Ascorbic acid                      | Ascorbicap, Cepid, Cecon, Cevalin, Flavorcee, Nice, Vita-C                | 500,000                      |
| Aspartame                            | Equal, Nutrasweet   | 500,000                      |
| Astemizole                           | Hismanal  | 500,000                      |
| Atenolol                             | Tenormin  | 500,000                      |
| Atropine SO <sub>4</sub> monohydrate | Atropen, Attropisol, Atrosulf, Saltropine                                 | 500,000                      |
| Avlosulfon                           | Dapsone   | 100,000                      |
| Azithromycin                         | Zithromax   | 100,000                      |
| Barbital                             | Deba  | 100,000                      |
| Barbituric Acid                      |   | 500,000                      |
| Beclomethasone dipropionate          | Beclovent   | 100,000                      |
| Bemegride                            |   | 500,000                      |
| Benactyzine                          |   | 500,000                      |
| Benzocaine                           | Anbesol, Americaine, Otic, Hurrricane, Orajel, Zilactin                   | 500,000                      |
| Benzoic Acid                         | Atrosept, Dolsed, Prosed, UAA, Uridon, Urised, Uritab, Uritin             | 500,000                      |
| Benzonatate                          | Tessalon  | 500,000                      |
| Benzophenone                         |   | 500,000                      |
| Benztropine methane sulfonate        | Cogentin  | 500,000                      |
| Benzoylecgonine                      |   | 100,000                      |
| Benzylamine HCl                      |   | 500,000                      |
| Bethanechol chloride                 |   | 500,000                      |
| Bromazepam                           | Lectopam  | 100,000                      |
| Bromocriptine mesylate               | Ergoset, Parlodel   | 500,000                      |
| Bupivacaine                          | Marcaine, Sensorcaine   | 500,000                      |
| Buprenorphine                        | Buprenex  | 500,000                      |
| Bupropion                            | Wellbutrin, Zyban   | 100,000                      |
| Buspirone HCl                        | Buspar  | 500,000                      |
| Butabarbital                         | Butisol, Buticaps, Busodium   | 100,000                      |
| Butalbital                           | Butalgen, Fiorgen, Fiorinal, Fiormor, Isobutyl, Isolin, Isollyl, Laninoif | 100,000                      |
| Butethal                             | Etoval  | 100,000                      |
| Butorphanol                          | Stadol  | 500,000                      |
| Butyrophenone                        |   | 500,000                      |
| Caffeine                             | Coffe-Break, Durivitan, No-Doz, Percoffedrinol N, Pro-Plus, Vivarin       | 500,000                      |
| Calcium Hypochlorite                 |   | 500,000                      |

The following compounds tested NEGATIVE on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds          | Trade Name   | Concentration Tested (ng/mL) |
|-----------------------------|--|------------------------------|
| Captopril                   | Capoten  | 500,000                      |
| Carbamazepine               | Atretol, Carbatrel, Tegretol                                   | 500,000                      |
| Carbamazepine-10,11-Epoxyde |  | 500,000                      |
| Carisoprodol                | Rela, Sodal, Soma, Soprodol, Soridel                           | 500,000                      |
| Cefadroxil monohydrate      | Duricet, Ultracef  | 500,000                      |
| Cefuroxime Na <sup>+</sup>  | Zinacef  | 500,000                      |
| Cephalexin H <sub>2</sub> O | Cefanex, Keflex  | 500,000                      |
| Cephaloridine               |  | 500,000                      |
| Cephradine                  | Velosef, Anspor  | 500,000                      |

| Pentoxifylline        | Trental   | 500,000                      |
| Perphenazine          | Trilafon  | 500,000                      |
| Phenacetin            |   | 500,000                      |
| Phendimetrazine       | Bontril, Plegine  | 100,000                      |
| Phenelzine            | Nardil, Parnate, Marplan  | 500,000                      |
| β-Phenethylamine HCL  |   | 500,000                      |
| Phenformin            |   | 500,000                      |
| Phenobarbital         | Luminal   | 100,000                      |
| Phenothiazine maleate |   | 100,000                      |
| Phentermine           | Adipex, Fastin, Ionamin, Obenix, Obephen, Obermine, Obermine, Obestin, Phentamine | 100,000                      |
| Phenylbutazone        | Azorid, Butazolidin   | 100,000                      |
| m-Phenylenediamine    |   | 500,000                      |
| Phenylpropanolamine   | Acutrim, Dexatrim, Dura-Vent  | 500,000                      |
| Phthalic acid         |   | 500,000                      |
| Picrotoxin            |   | 500,000                      |
| Pipemidic Acid        |   | 500,000                      |
| Piroxicam             | Feldene   | 500,000                      |
| Potassium Chloride    | Kay Ciel, Micro-K, Kaochlor, K-Dur, K-Lor, Kaon-CL, Slow-K, K-Norm, Ten-K         | 500,000                      |
| Potassium Iodide      | Pima, SSKI  | 500,000                      |
| Prazepam              | Centrax   | 100,000                      |
| Prazosin HCl          | Minipress   | 100,000                      |
| Prednisolone          | Hydeltrasol (Injection)   | 500,000                      |
| Prednisone            | Deltasone, Meticorten, Orasone, Stempred  | 100,000                      |
| Primidone             | Mysoline  | 500,000                      |
| Probenecid            | Benemid, Benuryl, Probalan  | 500,000                      |
| Procainamide HCl      | Procan SR, Procamide SR, Promine, Pronestyl, Pronestyl-SR, Procanbid              | 500,000                      |
| Procaine HCl          | Novocain  | 500,000                      |
| Promazine             | Primazine, Protine-50, Sparine  | 500,000                      |
| Propiomazine          | Largon  | 500,000                      |
| Propoxyphene          | Darvon  | 100,000                      |

The following compounds tested NEGATIVE on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds                   | Trade Name   | Concentration Tested (ng/mL) |
|--------------------------------------|--|------------------------------|
| Propranolol                          | Betachron, Inderal   | 500,000                      |
| Propylbenzene                        |  | 500,000                      |
| Protriptyline HCl                    | Vivactil   | 500,000                      |
| l-Pseudoephedrine HCl                | Sudafed  | 500,000                      |
| Pyridinium chlorochromate            |  | 500,000                      |
| Pyridoxine (Vitamin B <sub>6</sub> ) | Nestrex  | 500,000                      |
| Quinacrine                           | Atabrine   | 500,000                      |
| Quinidine                            | Cardioquin, Cin-Quin, Duraquin, Novoquinidin, Quinaglute Dura-Tabs, Quinalan, Quinatime, Quinidex Extentabs, Quinora, Quin-Release | 500,000                      |
| Quinine HCl                          | Quinamm, Quindan, Quiphile, Q-Vel, Strema  | 500,000                      |
| Quinine sulfate                      | Formula Q  | 500,000                      |
| Ranitidine HCl                       | Zantac   | 500,000                      |
| Rescinnamine                         | Moderil  | 100,000                      |
| Reserpine                            | Novoresperine, Resertia, Serpalan, Serparil  | 100,000                      |
| Rifampicin                           | Rifadin  | 500,000                      |
| Risperidone                          | Risperdal  | 100,000                      |
| Ritodrine HCl                        | Yutopar  | 500,000                      |
| Salbutamol                           | Praventil, Ventolin  | 500,000                      |
| Salicylic Acid                       | Disalcid, Mono-Gesic, Salflex, Salgesic, Salsitab  | 100,000                      |
| Salicyluric Acid                     |  | 100,000                      |
| Scopolamine HBr                      | Transderm-Scop   | 500,000                      |
| Secobarbital                         | Seconal  | 100,000                      |
| Spirolactone                         | Novospiroton, Aldactone  | 1,000,000                    |
| Strychnine                           |  | 100,000                      |
| Sulfamethazine Na <sup>+</sup>       |  | 500,000                      |
| Sulfamethoxazole                     | Bactrim, Cotrim, Septra, Sulfamethoprim, Sulfatrim, Uroplus  | 500,000                      |
| Sulfathiazole                        | Sulfa-Gyn, Sulnac, Sultrin, Trysul, V.V.S.   | 500,000                      |
| Sulfisoxazole                        | Gantrisin  | 500,000                      |
| Sulindac                             | Clinoril   | 500,000                      |
| Talbutal                             |  | 100,000                      |
| Temazepam                            | Restoril, Razepam, Temaz   | 100,000                      |
| Terbinafine                          | Lamisil  | 1,000,000                    |
| Terbutaline 1/2 SO <sub>4</sub>      | Brethaine, Brethine, Bricanyl  | 500,000                      |
| Terfenadine                          | Seldane  | 500,000                      |
| Tetracaine HCl                       | Ak-T-Caine, Cepacol/Viractin, Pontocaine, Opticaine  | 500,000                      |

The following compounds tested NEGATIVE on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds    | Trade Name   | Concentration Tested (ng/mL) |
|-----------------------|--|------------------------------|
| Tetracycline          | Achromycin V, Parimycin, Sumycin, Tetracyn, Robitet  | 500,000                      |
| Tetrahydrocortisone   |  | 500,000                      |
| Tetrahydrozoline HCl  | Tyzine, Visine   | 500,000                      |
| Theophylline          | Aerolate, Asmalix, Elixophyllin, Quibron, Respbid, Slo-Phyllin, Slo-bid, Theo-24, Theo-Dur, Theolair | 500,000                      |
| Thiamine HCl          | Betalins, Biamine  | 500,000                      |
| Thioridazine HCl      | Mellaril   | 500,000                      |
| Thiothixene           | Navane   | 500,000                      |
| Thyroxine             |  | 500,000                      |
| l-Thyroxine           |  | 500,000                      |
| Timolol Maleate       | Betimol, Blocadren, Timoptic   | 500,000                      |
| Tolbutamide           | Orinase  | 500,000                      |
| Tolmetin              | Tolectin   | 500,000                      |
| Toluic Acid           |  | 500,000                      |
| m-Toluic Acid         |  | 500,000                      |
| Tramadol              | Ultram   | 500,000                      |
| Tranylcypromine HCl   | Parnate  | 500,000                      |
| Trazodone HCl         | Desyrel  | 500,000                      |
| Triamcinolone         | Aristocort, Aristospan, Azmacort, Kenalog, Nasacort  | 500,000                      |
| Triamterene           | Dyrenium   | 100,000                      |
| Triazolam             | Halcion  | 100,000                      |
| Tribenzylamine        |  | 500,000                      |
| Trimethobenzamide HCl | Arrestin, T-Gen, Tebamide, Tigan, Trimazide  | 500,000                      |
| Trimethoprim          | Proloprim, Trimpex   | 500,000                      |
| Triflupromazine HCL   | Vesprin  | 500,000                      |
| Trimipramine Maleate  | Surmontil  | 500,000                      |
| Tripolidine HCl       | Actagen, Allerfrin, Aprodine   | 500,000                      |
| Tropic Acid           |  | 500,000                      |
| Tropine               | l-Tropine, Ocu-Tropine   | 500,000                      |
| Tryptamine HCl        |  | 500,000                      |
| Tryptophan            |  | 500,000                      |
| Tyramine              |  | 500,000                      |
| Tyrosine              |  | 500,000                      |
| Urea                  | Aquacare, Carmel, Grodon's Urea, Ureaphil  | 500,000                      |
| Uric Acid             |  | 500,000                      |
| Venlafaxine           | Effexor  | 1,000,000                    |
| Verapamil HCl         | Isoptin, Verelan   | 500,000                      |

The following compounds tested **NEGATIVE** on the Phencyclidine (PCP) 25 ng/mL assay.

| Negative Compounds    | Trade Name | Concentration Tested (ng/mL) |
|-----------------------|------------|------------------------------|
| Warfarin              | Coumadin   | 500,000                      |
| Zolpidem hemitartrate | Ambien     | 500,000                      |
| Zomepirac             |            | 500,000                      |
| Zopiclone             | Imovane    | 500,000                      |
