

We here at Vel-Tye not only repair and modify tactical gear, we also custom build it. We have years of experience working with special forces from all branches of service and Law Enforcement.

**The biggest draw** to Vel-Tye is the custom work and service Vel-Tye provides, no two people are the same and what works for one will not work for the other. This is especially true with high speed operators. Having gear that you can work and move around in is a top priority. We work with our customers to turn their ideas into working gear that will be durable. Even if it's something we would not normally do, we will build it the way the customer wants. This is the way Steve runs the business and that is the way he wants it to stay. The doors will always be open for service men and women to come in and have something made.

**We here at Vel-Tye** have taken the custom work we do for the Military Operators and applied that to design and produce custom ballistic carrier vests and accessories for Law Enforcement Officers. We also modify and repair existing gear. Our "Hugger" is custom fit to your existing hard/soft armor. We custom make various pouches to fit your needs (flashlight, pepper spray, smoke, etc) Everything is built to the same standards as we use for Military Special Forces Operators. Our LE gear is currently being used by Chesapeake Virginia Sheriff Dept, Norfolk

Virginia Narcotics and Gang Division, Fairfax Virginia Police, Mercer Island Washington Police, and other Riot, Bicycle, Fire Marshal, etc. We even have Huggers used by Homeland Security and OGA-s in the U.S.A. Everything proudly made in the U.S.A.

**The "HUGGER"** is a soft sided vest that fits close to the body and is adjustable for best possible fit.

Each is made to order by hand in the U.S.A

Material - 1000 Denier Cordura  
Molle - 1" Nylon Mil Spec  
Shoulder Strap - 2" Nylon Mil Spec webbing with 87'S Hook Closure  
High Tenacity Mesh  
#70,69 Pound Bonded Nylon Thread, Five Stitches per Inch

Each is custom built to fit the Armor you use.

**"I've been fitted for a suit before, but never for gear"**

**Each HUGGER** is designed to the operators needs. MOLLE, hard armor or soft, and side attachments are as the customer requests. Its lightweight and tight "hugging" allows it to move with the user. Elastic holds it against the body, while still letting it breath. The full mesh back vents heat and drains water. Adjustable/ interchangeable shoulder straps and sides gives any operator a proper fit.

PATENT PENDING

## **LOW VIS CHEST RIG** comes

with adjustable slots pre set to hold double mags. It can hold five double mags and has room leftover for other essentials. Each Low Vis also comes with a stand alone harness and an attachment strap set for the Hugger. Made with the same high quality material as our vests. It is designed to be quickly deployed or stowed. Available with a zipper or Velcro quick pouch.

**LE Style 3/4 Low Vis Chest Rig** was designed to integrate into the Hugger, snapping into MOLLE and Velcro's in by the sides. With Velcro on the back, like our larger version, to stabilize it. Each divider and retainer are adjustable. Also available in a standalone, MOLLE in version, or adaptable to other vests.

After having it fielded by various LEO's and military, we have created new inserts to make it even more adaptable to individual needs. These include pistol mag holders and hand cuff holders.

**S/P HAWK** is a single point sling with a metal side release clip. Its designed to make it easy to remove your rifle when needed. For example, when inside a vehicle or other places with limited room.

Made with tube nylon over half inch shock cord (bungee). Comes with metal fastener to clip onto a rifle. Looped end makes it easy to attach to a "D" ring or MOLLE.

Made by hand in U.S.A.

**O/S Hawk** is an adjustable Over the Shoulder version of our S/P Hawk. A single point sling with a metal side release clip and 2 pieces of bungee. The "Pigtail" is compatible with both our S/P Hawk and 2/P Hawk Sling as well.

**The 2/P Hawk** is a quick adjust two point, with a metal side release clip and comes with 2 HK Style metal fasteners to clip onto a rifle. Designed with Fast Operators in mind, the quick adjust buckle allows you to both tighten or loosen the sling with a forward motion. The tube webbing back strap also adjusts for the best fit. Our metal side release is positioned a hands width away from the stock for easy release incase of emergency. The "Pigtail" is compatible with both our S/P Hawk and O/S Hawk Sling as well.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

**Our Pistol Mesh Mag** pouches use the same high tenacity mesh as our vests. This allows for maximum drainage of water and debris. The interior covers the snap so there is no metal touching the mags. The pull tabs are covered with non-skid material. The knotted bungee allows the user to adjust the tightness for personal preference.

**Rifle Mesh Mag** pouches use the same basic design as our Pistol Mesh Mag pouches to allow for drainage of water and debris. To make them more modular we have added MOLLE to the front of these. Now you can double stack them or attach another item like our Pistol Mesh Mags. These come sized for both 5.56 or 7.62 and will fit 20 or 30 round capacity mags.

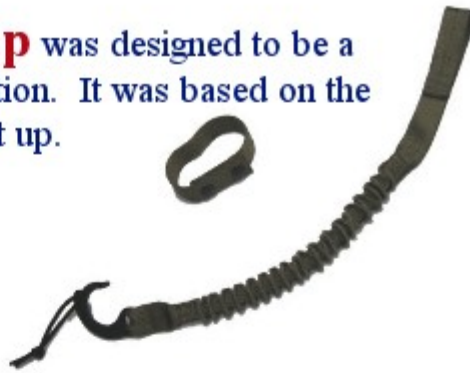

### **Shotgun Shell Holder**

Designed to be MOLLE mounted the Shotgun Shell Holder can hold up to 12 rounds. The open side design allows you to quickly identify the type and quantity of shot.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

**The Retention Strap** was designed to be a quick release Weapons Retention. It was based on the MonkeyFist and Carabiner set up.

**M4 Rifle Bag** is made with 1000 Denier Cordura nylon and padded with 1/4 inch closed cell foam. Designed to hold a M4 rifle. Velcro One Wrap straps secure the weapon inside. Outside MOLLE has been provided for mounting of your preferred pouches.

## **Rapid Response Action Pack**

can be worn like a normal pack or MOLLE attaches to gear. This multi-use pack was designed with Medic and EOD Operators in mind. The interior is lined with Velcro material to easily secure the various accessories.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

**Data Book** has 4 double sided, clear plastic pages, and the front and back cover. It is designed to fit in a BDU pocket and has a pen holder.

**Arm Coach** Using Velstretch, an elastic Velcro, we've made a slimmer version of our Data Book to be attached to the forearm. Its ambidextrous design allows the operator to position to their personal preference.

**MOLLE Map Book** is the last installment of our Data/Map books. With this version we have added a MOLLE attachment to the back and a plastic backer to stabilize the unit.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

**Our Utility Pouch** has an expandable pocket to accommodate gloves, notepads, pens, and pencils. Each one comes with a removable pen holder, that can be custom built to hold various tools.

## **HELMET POUCH**

### **NVG Counter Weight Pouch**

The Helmet Pouch is made from the same high density mesh we use in our plate carriers. Attaches to helmet with Velcro. Its slim design and flexible lead weights give it a great fit to any helmet. Available in full and half sizes.

## **Tactical Surgical Pouch**

Designed by a Field Surgeon to carry all the necessary instruments. A releasable X Harness allows for adjustment and preferred placement. Double layer elastic straps run across both sides. 550 cord lets it open to a 90 degree platform.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

## Hand Cuff Holders

made with 1000 D Cordura  
Nylon with an elastic  
flap to accommodate  
various brands of cuffs.  
Can be made to MOLLE in or with  
a belt loop. Leg Cuff holders are also available.

## Chem Holder/ Light Stick Holder

Our Chem/light stick holder is designed with  
2 rows of 3 inch Velstretch and hook Velcro  
so it can be placed just about anywhere.  
Each one holds 5 chem/light sticks. The double  
rows of elastic cover almost all of the stick for  
minimal exposure to sunlight.

**Dip Pouch** A Pouch for someone who has  
everything else. At the request of several Operators,  
we have designed and built a MOLLE pouch  
to hold a can of dip/snuff. Available in several  
patterns and colors to meet your needs.  
Made from 1000 Denier Cordura Nylon  
Made by hand in U.S.A.

[www.veltye.com](http://www.veltye.com) 1-888-769-2840

**Multi-Purpose Holders** The MP Holder is an adjustable holder used to carry items such as cell phones, radios, pepper spray, GPS units or any other item of choice. The beltstrap is designed in such a way that you do not have to undo your belt to put it on, or if you prefer they have been prefit to use a metal belt clip.

**Authorized Velcro Distributor** Vel-Tye not only makes products using Velcro, we also sell Velcro brand hook and loop in both large and small amounts in various widths. This includes Marine , Industrial Strength and Military grade: sew on, adhesive backed, One Wrap, Heat Resistant, and even large format for use in such projects as display boards or display cases.
