

SCAN-A-CHECK

“Bring our bank to your office.”

Our **SCAN-A-CHECK** Service gives you the technology to allow your check images to be used instead of the paper check and have them automatically clear right from your desk top – rendering your deposit bag obsolete!

Using it is easy: Simply feed the checks through the scanner. Wait for the images to appear on your computer screen and verify the check information. Scan-A-Check reviews, batches and transmits check data to Bay Commercial Bank.

SCAN-A-CHECK Process

- 1 You receive checks from your customers.
- 2 From your office you send scanned images of the checks to Bay Commercial Bank electronically.
- 3 The check images are validated and sent electronically to the Federal Reserve Bank, then, to your customer's bank.
- 4 Deposits become available in your account.

Features

- Same Day Deposits
- Extended Banking Hours
Online access to images, deposits and reports for 24 months.
- Ability to capture Accounts Receivable data for export to your accounting system including up to 20 user defined fields.
- Multi-level security access.

Benefits

- Faster access to your money.
- Make fewer trips to the bank.
Consolidate deposits from multiple locations to a single settlement account.
- Historical data at your fingertips.
- Gain control over returned items.
- Easy to install and use.
