

Protection Up Front... When You Need It Most

The quality of CertainTeed shingles is reflected in their

lengthy warranty durations: 20, 25, 30 or 40 years, depending on the shingle. But

CertainTeed doesn't stop there. Your warranty is enhanced

by our exclusive SureStart™ program, which covers 100% of the replacement cost of labor and materials, excluding roof tear-off and disposal, if a manufacturing defect occurs during the SureStart™ period. The length of the SureStart™ period depends on the particular shingle. If a problem develops, it usually does so in the first few years – and SureStart™ ensures that you're protected.
