LOS ANGELES --- WDC Media, the nation's most innovative and passionate Christian public relations firm, announced that it has been retained by award-winning author L. David Harris. For years Harris has been helping people all over the world strengthen their relationship with God, and his new book, Know Peace Within: A Life in Transition, continues that winning strategy. Its simple message and gracious delivery is helping men and women reclaim the inner peace they thought they'd lost forever.

"Know Peace Within is one of the most important books on spiritual renewal to come along in years," said Susan Zahn, founder and president of WDC Media. "Within its pages, believers and seekers alike will find the strength to welcome God into their hearts and re-connect to his mercy during these incredibly challenging times in which we live."

Know Peace Within shows readers how they can find God's perfect peace when they are most desperately in need of it. Harris' latest work is an extension of his passion for helping people develop a meaningful relationship with God through faith in Jesus Christ. "In all my years of ministry both in the U.S. and abroad, I've found a common thread of need running through the lives of men, women, children, and families," said Harris. "That is the desperate need to find God's peace and assurance through every season of life -- a peace that transcends the peaks and valleys we all face in our walks. In Know Peace Within, I take the reader straight to the Scriptures to show them exactly what God has to say about His perfect peace and how to obtain it. This book contains treasures for a lifetime."

Harris has been published in many journals and magazines, including Message, Insight, and the New York Christian Times. He is also the author of the two-volume devotional set Alive at 5—Victory in Retrospect.

"David Harris' latest book is sure to put the pep back into your spiritual step, weave a wondrous song into your aching heart, and put praise on your lips," said Zahn. "WDC Media is proud to represent author L. David Harris and his new book Know Peace Within."
