# Know Peace Within: A Life in Transition - L. David Harris

From Kim Jones, Your Guide to Christian Music / Gospel.

## Helping Feed Hungry Kids

You may not have ever heard of Each 1 Reach Many Ministries (E1RMM), but award-winning author L. David Harris wants to change that. Readers that purchase his latest book, *Know Peace Within: A Life in Transition* will help fund three worthy organizations, World Vision, the Fistula Foundation, and Amazing Facts through E1RMM.

E1RMM is designed so that a portion of the revenue generated through the sale of his new book will be distributed to the three organizations. Each one will receive a check for \$50,000.00 towards carrying on their work.

Harris explained his vision, "Years ago I remember thinking how incredible it would be if the principles of exponential growth could be used to make peoples lives better. If we invest our time and energies leading souls to enlightenment, each of those souls will do the same. This is why we say that each one reaches many. Many children will have food, water, and clothing because of this project. Women who suffer with fistulas, the devastating aftermath of obstructed labor, will have their health and their dignity restored. And the important ministry work being carried out in India and other parts of the world will get a financial boost through E1RMM's efforts."
