Cincinnati, OH 45209-5222

Gentlemen:

Words are quite inadequate to convey my appreciation to you for the outstanding presentation at Gamble Middle School on September 27, 1996.

Your willingness to come to my class to give your dynamic presentation focusing on teen responsibility, the positive steps for success and the path to leadership and self esteem were greatly appreciated. The interaction between students and your team was uplifting, honest and thought provoking.

Without dedicated people like yourself who are willing to make that extra investment of time and energy, my students could not participate in your energized presentation and have the opportunity for personal enrichment.

An immeasurable debt of gratitude is owed to the presentation team for their time, energy and enthusiasm, directed toward assuring the success and growth of Gamble students.

Thank you.

Sincerely,

Glenna Rabourn
