

Serve at Asbury

First Impressions

The First Impressions Team joyfully serves Asbury attendees by assisting them in the parking lot, greeting them as they enter the building, ushering, contacting first time visitors and serving on the hospitality team, which provides refreshments on Sunday morning. The team partners with people who invite their unchurched neighbors, coworkers, friends, and family to church. The "first impressions" these guests receive could influence their decision to pursue a relationship with Jesus. Our team takes this responsibility seriously and needs volunteers who will love people and do the same.

Ushers

Ushers help serve the 9:00 and 11:00 services. You will serve on a team and be given a designated month to serve. Duties include passing out bulletins, taking up of the offering and helping new people find their way around our campus.

Hospitality

The Hospitality Committee provides baked goods and coffee for the volunteers on Sunday mornings. This is a great way to serve and support all the volunteers on Sunday mornings who get here bright and early.

Greeters

Greeting is a fun and enjoyable service here at Asbury. Your responsibilities are greeting people at the door and making them feel welcomed and at home. All you need is a warm smile and a nice handshake.

Parking Lot Greeters

This is a wonderful opportunity to meet people in the parking lot. All that is required is a great smile and a willingness to help people find their way around Asbury. What a good way to start their day!

Umbrella Brigade

This is a fun opportunity on rainy Sunday mornings. We need people to take umbrellas and meet people at their cars to get them in the buildings safe and dry. Your service really depends on the weather and the people really appreciate it.

Children

KidStuf

KidStuf is where families come together. A place for parents to remember what it was like to be a kid and for kids to have a GREAT time being themselves as they learn about Jesus. It's 45 minutes of singing, drama, and crazy fun focusing on a new virtue each month. We challenge you to come, help, and share your joy in Jesus like the kids do! Volunteers are needed for crowd control, registration, as music leaders, and in drama and technology.

Sunday Morning Preschool

This program includes a nursery for children from birth through age 2 and programs for ages 2, 3 and 4. These young children experience Bible story time, worship, and hands-on activities. Most of all, they are loved and cared for so their experience here is positive and happy. Volunteer leaders serve once a month.

Live It!

Live It! Is our rotational program at 9 a.m. for grades K-5. Each grade spends an hour in one module addressing the monthly theme from a hands-on, kid-driven approach. Grades rotate monthly through 4 or 5 modules: games, videos, storytelling, and art/science/cooking. This year we're adding music! Volunteers are needed as module leaders, shepherds, supply coordinators, and curriculum team members.

Worship

Choir and Orchestra

The 11:00 worship service is augmented by music provided by the worship choir and orchestra. The choir sings traditional and contemporary music at this blended service. The choir and orchestra also provide special music and cantatas. New singers and instrumentalists are always welcome to share their musical talents. Rehearsals are Wednesdays at 7 p.m.

Media Production

This team incorporates technical enhancements; including video and lighting, to help church leaders better communicate their message at worship services and special events. Volunteers work under the direction of the Worship Arts Assistant. Training will be provided by an Asbury Staff member.

Sound Production

Volunteers, who work under the direction of the Sound Coordinator, are responsible for sound production during Sunday morning worship services and at special events. Training will be provided by an Asbury Staff member.

Worship Drama

Team members put together short dramas as needed to enhance the worship service message. They provide live and previously recorded skits. This team needs actors and technical support.
