

LIGHT OF THE VALLEY

Elk Grove, CA – Circuit 04

The “spark” that ignited this mission was the need for a “restart” and a vision to join with Lutheran High School to combine ministry resources to reach out to the Elk Grove area. Although the church has been here 50 years, we have only been a “restart” for the past 6 years. At the present time we are in the leadership building development stage. We are beginning to implement the first steps of our vision – early childhood.

The financial and spiritual support of our District has allowed us to add staff and to provide a resource for our vision. We value God’s people, the one’s he has led to our church to come and serve over the past 50 years. We have had a few obstacles to overcome. We had to change from a narrow, traditional method of thinking. Further, there was a period of time where we had no permanent place to meet for our children and adolescents.

We have been struck by how awesome it is that people have opened their hearts to Christ’s mission here in Elk Grove. We have many activities planned for this Spring, such as: Yard Sale, Free Barbeque, Bounce Houses, etc.
