

Connie Kruelle  
Ocean Pines, Maryland

I met "Behr" in St. Louis when I was 12 years old. My sainted brother, The Rev. Dr. Charles J. SeEVERS, married Behr's cousin, the sainted Florine Viets, Independence, KS.

Behr was a wonderful doctor, very people oriented and compassionate about healing their illness.

In 1951-1953 I was attended St. John's College, Winfield, KS; Behr was our college physician; I was his receptionist in his office and I babysat for their little Carol Ann.

For our Vacation Bible School at Lutheran Church of the Cross, Rockville, MD, I presented Behr's mission in Chimaltenango; our daily offerings went to his clinic.

For 20 years our Lutheran Women's Missionary League, at the above church, made Easter candy and directed 1/3 of the profits to the Behrhorst Clinic. I was privileged to share some of this candy with Behr when he gave a seminar at American University in Washington, DC. I had not seen him in 30 years, and it was a memorable reunion. Years later, after his death, we had a memorial service at our church for his local supporters in the greater Washington area. I miss him! He was so dedicated!
