***Minutes of Manatron Legislative Committee Meeting
Conference Call of July 7, 2010***

Members Present: Dennis Freed, Chisago County, Arlen Westergren, Stearns County, Cindy Geis, Scott County and Chris Samuel, Ramsey County

Also Present: Jason Nord, Department of Revenue, Kurt Peterson, Manatron, Doug Storaci, Manatron, Rob Venard, Manatron, Latonia Vance, Manatron and Elaine Carter, Manatron

The meeting was called to order at 10:00 A.M.

Discussion was held regarding the changes needed for the 2010 Assessment Abstract and the 2010 Fall Mini Abstract. It was emphasized that the counties needed the by changes by August 1, 2010 to test. It was suggested that we get three counties to test the changes prior to release to all the counties.

It was decided to submit two change orders to Manatron, one for the 2010 Assessment Abstract and one for the 2010 Fall Mini Abstract with a due date of August 1, 2010. It was also decided to try to have three counties test the changes to these processes prior to release to all counties.

The committee next reviewed a list of legislative changes submitted by Chris Samuel.

After reviewing the list the committee decided we need to submit two changes orders due to legislative changes to Manatron. One of the change orders will provide for the

additional of four new property classes with a due date of August 1, 2010 as this is needed for tax capacity calculations and abstract reporting. These changes should be tested with the abstracts.

The second legislative change order would be two new types of Tax increment district types with a due date of January 1, 2011. It was also decided to try to have three counties test the changes to these processes prior to release to all counties.

Being no further business the meeting was adjourned.

Minutes respectfully submitted by Dennis Freed, Chisago County
