DISCLOSURE STATEMENT

Some features of this annuity may not be available or may vary by state. If you have any questions, please contact your agent or EquiTrust Life Insurance Company ("the Company"). This form is not intended to be a complete explanation of your annuity. **Please refer to your Contract for complete details.**

WHAT IS AN ANNUITY?

An annuity is a long-term financial product offered by insurance companies. You may cancel your annuity Contract within a certain number of days of your receipt to receive a complete refund of your premium.

HOW MUCH WILL I EARN ON MY ANNUITY?

When you purchase a MARKETSEVEN INDEX Contract, you choose among different accounts. Each account earns interest differently.

Fixed Rate Account – The Fixed Rate Account will earn a declared interest rate. This rate is guaranteed for one year and may change on subsequent Contract Anniversaries. The Guaranteed Minimum Interest Rate will be no lower than 1% and no higher than 3%, subject to variations by state. Ask your agent for the current interest rate and Guaranteed Minimum Interest Rate for your state.

Annual Reset Point-to-Point Equity Index Account - Annual Index Credits are based on the percentage change in the Index Number from the previous Contract Anniversary to the current Contract Anniversary, after recognition of the Index Cap, Index Margin and Participation Rate.

Annual Reset Daily Averaging Equity Index Account - Annual Index Credits are based on the percentage change in the Index Number from the previous Contract Anniversary to the daily average of the Index Numbers for the Contract Year, after recognition of the Index Cap, Index Margin and Participation Rate.

Two-Year Averaging Equity Index Account - Index Credits are based on the percentage change in the Index Number from the previous Account Accumulation Date to the monthly average of the Index Numbers for the two-year Indexing Period, after recognition of the Index Cap, Index Margin and Participation Rate.

Equity Index Account Definitions

- The **Index Number** on any specified date is the closing value of the S&P 500® Index on the previous trading day.
- The **Index Cap** is the maximum annual percentage excess of the applicable monthly average Index Numbers or the end-of-year Index Number over the beginning-of-year Index Number. The Index Cap will be declared on each Contract Anniversary and is guaranteed for the following Contract Year. The minimum Index Cap is 5% for the Annual Reset Point-to-Point, 6% for the Annual Reset Averaging, and 12% for the Two-Year Averaging account.
- The **Index Margin** is a percentage rate subtracted from the calculated change in the Index, subject to the Index Cap. The Index Margin is declared at issue for each equity index account and will not change for the duration of the Contract.
- The **Participation Rate** is the portion of growth in the Index, after recognition of the Index Cap and the Index Margin, that is used in the calculation of Index Interest. The Participation Rate is declared at issue for each equity index account and will not change for the duration of the Contract.
- **The Index Credits** will be added to the Equity Index Accounts at the end of each Contract Year. The Index Credit in any Contract Year will never be less than zero.
- The **Indexing Period** is the period in which Index Credits are calculated. The Indexing Period is one year for the Annual Reset Point-to-Points and Annual Reset Averaging accounts. The Indexing Period is two years for the Two-Year Averaging account.

Accumulation Value – Your Accumulation Value is the total of the individual Account Accumulation Values.

Subsequent Premiums – All subsequent premium(s) will be allocated to the Fixed Rate Account at the time of receipt. On each Contract Anniversary, the Accumulation Value associated with any premium received since the prior Contract Anniversary will be reallocated among the Accounts according to your most recent instructions.

Minimum Guaranteed Contract Value – The Minimum Guaranteed Contract Value will be 87.5% of Premium(s) Paid, less any partial withdrawals, plus interest earned at a rate no lower than 1% and no higher than 3%. Contact your agent for the minimum guaranteed rate for your state, and refer to your Contract for complete details.

WHAT HAPPENS WHEN I NEED MY MONEY?

You may receive partial surrenders or periodic income payments from your annuity by submitting a request acceptable to the Company. When you make withdrawals, surrender or annuitize your annuity, the amount withdrawn will not be credited with any index return in the current Contract Year. Withdrawals do not participate in any index gains during the Contract Year of the withdrawal.

Surrender Charges – The Surrender Charge is a percentage of the Accumulation Value and declines on each Contract Anniversary over 7 years as follows: 12, 12, 10, 8, 6, 4, 0%. **Please keep in mind that surrender during the surrender charge period may result in a loss of principal.** Surrender Charges may vary by state.

Market Value Adjustment – We may make a Market Value Adjustment (MVA) on amounts withdrawn or surrendered from this Contract. It may result in either an increase or a decrease to the amount withdrawn or surrendered. A Market Value Adjustment will be made only when a Surrender Charge is deducted. Generally, the MVA decreases the Accumulation Value when interest rates rise, and increases it when interest rates fall. The MVA will not reduce the Accumulation Value below the guaranteed minimum cash surrender value.

Partial Surrenders – Each Contract Year after the first, you may withdraw up to 10% of the Accumulation Value after the most recent Contract
