WHAT IS AN ANNUITY?

An annuity is a long-term financial product offered by insurance companies. You may cancel your annuity Contract within a certain number of days of your receipt to receive a complete refund of your premium.

HOW MUCH WILL I EARN ON MY ANNUITY?

When you purchase a MARKETVALUE INDEX Contract, you choose among different accounts. Each account earns interest differently.

Fixed Rate Account – The Fixed Rate Account will earn a declared interest rate. This rate is guaranteed for one year and may change on subsequent Contract Anniversaries. The Guaranteed Minimum Interest Rate will be no lower than 1% and no higher than 3%, subject to variations by state. Ask your agent for the current interest rate and Guaranteed Minimum Interest Rate for your state.

Annual Reset Point-to-Point Equity Index Account - Annual Index Credits are based on the percentage change in the Index Number from the previous Contract Anniversary to the current Contract Anniversary, after recognition of the Index Cap, Index Margin and Participation Rate.

Annual Reset Monthly Averaging Equity Index Account - Annual Index Credits are based on the percentage change in the Index Number from the previous Contract Anniversary to the monthly average of the Index Numbers for the Contract Year, after recognition of the Index Cap, Index Margin and Participation Rate.

Two-Year Averaging Equity Index Account - Index Credits are based on the percentage change in the Index Number from the previous Account Accumulation Date to the monthly average of the Index Numbers for the two-year Indexing Period, after recognition of the Index Cap, Index Margin and Participation Rate.

Equity Index Account Definitions

- The **Index Number** on any specified date is the closing value of the S&P 500® Index on the previous trading day.
- The **Index Cap** is the maximum annual percentage excess of the applicable monthly average Index Numbers or the end-of-year Index Number over the beginning-of-year Index Number. The Index Cap will be declared on each Contract Anniversary and is guaranteed for the following Contract Year. The minimum Index Cap is 5% for the Annual Reset Point-to-Point, 6% for the Annual Reset Averaging, and 12% for the Two-Year Averaging account.
- The **Index Margin** is a percentage rate subtracted from the calculated change in the Index, subject to the Index Cap. The Index Margin is declared at issue for each equity index account and will not change for the duration of the Contract.
- The **Participation Rate** is the portion of growth in the Index, after recognition of the Index Cap and the Index Margin, that is used in the calculation of Index Interest. The Participation Rate is declared at issue for each equity index account and will not change for the duration of the Contract.
- The **Index Credits** will be added to the Equity Index Accounts at the end of each Indexing Period. The Index Credit in any Indexing Period will never be less than zero.
- The **Indexing Period** is the period in which Index Credits are calculated. The Indexing Period is one year for the Annual Reset Point-to-Point and Annual Reset Averaging accounts. The Indexing Period is two years for the Two-Year Averaging account.

Accumulation Value – Your Accumulation Value is the total of the individual Account Accumulation Values.

Subsequent Premiums – All subsequent premium(s) will be allocated to the Fixed Rate Account at the time of receipt. On each Contract Anniversary, the Accumulation Value associated with any premium received since the prior Contract Anniversary will be reallocated among the Accounts according to your most recent instructions.

Minimum Guaranteed Contract Value – The Minimum Guaranteed Contract Value will be 87.5% of Premium(s) Paid, less any partial withdrawals, plus interest earned at a rate no lower than 1% and no higher than 3%. Contact your agent for the minimum guaranteed rate for your state, and refer to your Contract for complete details.

WHAT HAPPENS WHEN I NEED MY MONEY?

You may receive partial surrenders or periodic income payments from your annuity by submitting a request acceptable to the Company. When you make withdrawals, surrender or annuitize your annuity, the amount withdrawn will not be credited with any index return in the current Indexing Period. Withdrawals do not participate in any index gains during the Indexing Period of the withdrawal.

Surrender Charges – The Surrender Charge is a percentage of the Accumulation Value and declines on each Contract Anniversary over 10 years as follows: 12, 12, 12, 12, 11, 10, 8, 6, 4, 2, 0%. **Please keep in mind that surrender during the surrender charge period may result in a loss of principal.** Surrender Charges may vary by state.

Market Value Adjustment – We may make a Market Value Adjustment (MVA) on amounts withdrawn or surrendered from this Contract. It may result in either an increase or a decrease to the amount withdrawn or surrendered. A Market Value Adjustment will be made only when a Surrender Charge is deducted. Generally, the MVA decreases the Accumulation Value when interest rates rise, and increases it when interest rates fall. The MVA will not reduce the Accumulation Value below the minimum guaranteed Contract value.

IMPORTANT NOTICE TO APPLICANTS REGARDING REPLACEMENT OF LIFE INSURANCE OR ANNUITIES

This document must be signed by the applicant and the producer, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy, to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

- 1. Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? YES NO
2. Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? YES NO

If you answered "yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

Table with 4 columns: INSURER NAME, CONTRACT OR POLICY #, ANNUITANT OR INSURED, REPLACED (R) OR FINANCING (F). Rows 1, 2, 3.

Make sure you know the facts. Contact your existing company or its registered representative for information about the old policy or contract. If you request one, an in-force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the registered representative in the sales presentation. Be sure that you are making an informed decision.

The existing policy or contract is being replaced because

Notice continued on next page.

**IF THE NEW POLICY IS A REPLACEMENT, THE FOLLOWING NOTICE APPLIES:
NOTICE OF 30-DAY RIGHT TO EXAMINE POLICY**

The owner may cancel this policy by delivering or mailing a written notice, sending a telegram or fax to the registered representative through whom it was purchased or the EquiTrust Life Insurance Company, 5400 University Avenue, West Des Moines, Iowa 50266-5997 and by returning the policy or contract before midnight of the thirtieth day after the date you receive the policy. Notice given by mail and return of the policy or contract by mail are effective on being postmarked, properly addressed and postage prepaid. The amount to be refunded is described on the first page of your policy or contract.

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or registered representative that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your registered representative to determine whether replacement or financing your purchase makes sense:

PREMIUMS:

Are they affordable?
Could they change?
You're older – are premiums higher for the proposed new policy?
How long will you have to pay premiums on the new policy? On the old policy?

POLICY VALUES:

New policies usually take longer to build cash values and to pay dividends.
Acquisition costs for the old policy may have been paid; you will incur costs for the new one.
What surrender charges do the policies have?
What expense and sales charges will you pay on the new policy?
Does the new policy provide more insurance coverage?

INSURABILITY:

If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
You may need a medical exam for a new policy.
Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
Suicide limitations may begin anew on the new coverage.

IF YOU ARE KEEPING THE OLD POLICY AS WELL AS THE NEW POLICY:

How are premiums for both policies being paid?
How will the premiums on your existing policy be affected?
Will a loan be deducted from death benefits?
What values from the old policy are being used to pay premiums?

IF YOU ARE SURRENDERING AN ANNUITY OR INTEREST SENSITIVE LIFE PRODUCT:

Will you pay surrender charges on your old contract?
What are the interest rate guarantees for the new contract?
Have you compared the contract charges or other policy expenses?

OTHER ISSUES TO CONSIDER FOR ALL TRANSACTIONS:

What are the tax consequences of buying the new policy?
Is this a tax-free exchange? (See your tax advisor.)
Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
Will the existing insurer be willing to modify the old policy?
How does the quality and financial stability of the new company compare with your existing company?
