*A Single Premium Deferred Annuity with  
Tax-Deferred Growth  
Featuring a Multi-Year Rate Guarantee.*

**Consumer Brochure**

**FIDELITY AND GUARANTY LIFE INSURANCE COMPANY**

ADLF 5122 (06-2004)

Rev. 10-2005

***Fidelity Platinum is a tax-deferred annuity, featuring multi-year interest rate guarantees, designed to provide income when you retire. When you need it, Fidelity Platinum becomes a guaranteed source of income with payments paid on a schedule that best suits you.***

***Fidelity Platinum was built with the understanding that maximum growth and minimal taxation are paramount to your retirement needs. Unlike many taxable traditional retirement savings plans, you pay no current income tax on interest earned within your Fidelity Platinum annuity. Taxes are deferred until you withdraw your earnings.***

## **Getting Started with Fidelity Platinum**

Fidelity Platinum is available with a minimum premium of \$5,000 and your choice of a 5, 7, or 10-year interest rate guarantee period. With no front-end sales charges or annual maintenance fees, 100% of your premium goes to work for you right away!

## **What Happens at the End of the Guarantee Period**

When your guarantee period expires, Fidelity and Guaranty Life will automatically renew your annuity for the same term at the then current interest rate. If you would prefer to withdraw some or all of your account value at the end of any guarantee period, you will have a 30-day window to do so free of any surrender charges.

## **Access to Your Money**

When unplanned financial needs and opportunities arise, Fidelity Platinum offers you access to your money through either systematic or unscheduled withdrawals. And from Day 1 of your annuity, if these withdrawals are limited to the accumulated interest on your annuity, or you annuitize and begin regular income payments, no surrender charges will apply!

Withdrawals in excess of the accumulated interest on the annuity will be subject to surrender charges. The surrender charge for Fidelity Platinum will be 9% in the first year and decrease by 1% per year throughout the rate guarantee period.\* Upon renewal into a new rate guarantee period, surrender charges will be waived for 30 days to allow for free withdrawals. After the 30 days, the surrender charges will then be reset to 9%, and will follow the same decreasing pattern through each subsequent guarantee period.

Additionally, surrender charges will not apply when:

- You become confined to a licensed nursing home for more than 60 days beginning after the first annuity anniversary.
- You are diagnosed by a licensed physician, after the first annuity anniversary, as having an illness or condition causing you to have a life expectancy of less than one year.
- You become unemployed. (You must be under age 65, become unemployed after the annuity is issued, and remain unemployed for at least 30 days.)

## **Market Adjustment:**

A Market Value Adjustment (MVA) will increase or decrease your surrender value when you make a withdrawal to which a surrender charge is applied. The MVA is based on a formula

that takes into account changes in yields on U.S. Treasuries between the start of the current guaranteed period and the date of the withdrawal. Generally, if interest rates have risen since you purchased your annuity, (or since the start of your current interest rate guarantee period, if later) the MVA will decrease your surrender value. If interest rates have fallen, the MVA will increase your surrender value.

## **Fidelity Platinum Death Benefits**

If you should die before electing an income option, your beneficiary will receive the account value of your Fidelity Platinum annuity. Surrender charges do not apply at death. Any gain in the annuity would then be subject to income tax. If you should die after electing an income option, any benefits payable to your beneficiary would depend on the income option chosen. In all cases, because Fidelity Platinum is an insurance product, any death benefit is paid to your designated beneficiary without the delays, costs or publicity associated with probate. Funds become available for immediate use by your beneficiary.

## **Great for IRA and Pension Plan Rollovers**

Fidelity Platinum could be the perfect vehicle for a rollover of your IRA or distribution from a corporate retirement plan like a 401(k), 403(b), pension or profit sharing plan. When executed properly, these rollovers are not currently taxed. Tax-deferred compounding continues without interruption.

Fidelity Platinum accepts minimum amounts for qualified plans as low as \$2,000. See Fidelity and Guaranty Life's IRA Disclosure Statement for more information on IRAs and rollovers.

At age 70 ½, the IRS requires you to begin receiving minimum annual distributions from your tax-qualified retirement plans, including IRAs. Upon request, we can help you calculate your minimum required distribution from your Fidelity Platinum annuity.

\* Only exception is that the 10-year guarantee period will have a 1% surrender charge in both the 9th and 10th years into the rate guarantee period.

## FIDELITY PLATINUM SUMMARY WITH APPLICATION

Thank you for your interest in our Fidelity Platinum as your retirement savings tool. Fidelity and Guaranty Life Insurance Company has prepared this summary to help you understand Fidelity Platinum's many features and benefits. Please sign at the end of this summary.

## IMPORTANT FEATURES OF THIS PLAN

### A SINGLE PREMIUM DEFERRED ANNUITY

Fidelity Platinum is a single premium deferred annuity. Fidelity Platinum is designed to be a long-term retirement savings tool to help you achieve the standard of living you want during your retirement.

### NO INITIAL SALES CHARGES OR FEES

There are no initial sales charges or fees. Your single premium is available to earn interest from the date your annuity is issued.

### TAX ADVANTAGES

Although an annuity does not eliminate your tax liability on interest earnings, under current tax law all interest income earned accumulates on a tax-deferred basis. This tax deferral is currently available only to individual owners, not to corporations or other non-individuals. Check with your tax advisor.

### GUARANTEE PERIOD

The guarantee period is  years (s). It is also the time period during which the credited rate is guaranteed to remain the same. The guarantee period begins on the date of issue and subsequent guarantee periods begin immediately following the end of each prior guarantee period. At the end of each guarantee period, we will provide you with a new declared interest rate for the new guarantee period.

**AT THE END OF EACH GUARANTEE PERIOD, YOU HAVE 30 DAYS IN WHICH TO SURRENDER THIS ANNUITY WITH NO SURRENDER CHARGE. IF YOU DO NOT SURRENDER WITHIN THOSE 30 DAYS, THIS ANNUITY WILL AUTOMATICALLY RENEW INTO A GUARANTEE PERIOD OF THE SAME LENGTH WITH A NEW SET OF IDENTICAL SURRENDER CHARGES.**

### INTEREST CREDITING

The credited interest rate, which will be applied to your single premium during the initial guarantee period, is shown in your application. At the end of each guarantee period, we will provide you with a new declared interest rate for the new guarantee period.

We will never credit less than the minimum guaranteed interest rate as described in your annuity. The minimum guaranteed interest rate will be established between 1% and 3% depending on what is approved in your issue state.

### SCHEDULED SYSTEMATIC AND UNSCHEDULED WITHDRAWALS

You may make scheduled systematic withdrawals of at least \$100 with just one request and unscheduled withdrawals up to four times per year in an amount of at least \$500.

These withdrawals will be subject to surrender charges unless they are waived under the exceptions below.

### WITHDRAWALS/SURRENDER CHARGES

The surrender charge will apply to a full surrender or to a partial surrender (withdrawal) unless they are waived under the exceptions below. A new identical set of surrender charges apply for each subsequent guarantee period. The surrender charge for Fidelity Platinum will be 9% in the first year and decrease throughout the rate guarantee period according to the table below. Upon renewal into a new rate guarantee period, surrender charges will be waived for 30 days to allow for free withdrawals, and will then be reset to 9%, and will follow the identical decreasing pattern through each subsequent guarantee period.

The number of years into the current Guarantee Period is:	Surrender Charge
1	9%
2	8%
3	7%
4	6%
5	5%
6	4%
7	3%
8	2%
9	1%
10	1%

Example: Maria purchases a Fidelity Platinum annuity with a 5 year guaranteed rate period. Her surrender charges will begin at 9% in the 1st year, and then decrease to 8% in the 2nd year, 7% in the 3rd year, 6% in the 4th year, and 5% in the 5th year. At the end of the 5th year, Maria's annuity will automatically renew into a new 5 year interest guarantee period at the then current interest rate. Surrender charges will also be reset, so that in the 6th year of Maria's annuity (or the first year of the renewal period) the surrender charge will again be 9%. Surrender charges will continue to follow the same pattern throughout each renewal period. Maria's surrender charge will be 8% in the 7th year, 7% in the 8th year, 6% in the 9th year, 5% in the 10th year, 9% in the 11th year (first year of 2nd renewal period), 8% in the 12th year, etc.

### MARKET VALUE ADJUSTMENT

A market value adjustment (MVA) applies to a full surrender, or to any partial surrender (withdrawal), to which a surrender charge applies. The MVA is in addition to the surrender charge and is calculated using the Adjustment Factor described in the MVA rider attached to the annuity. This factor is based on changes in the yields on U.S. Treasuries. The MVA may increase or decrease your surrender value.
