

DON'T MISS OUT

on the latest in the aerospace industry

THE ASSOCIATION of Aerospace Industries (Singapore) has published its very own magazine to cover the aerospace industries in Singapore as well as the region.

The magazine, **AeroSpace Singapore**, is in recognition of the rapid growth of the industry in Singapore and the region, and the Association feels that it is an opportune time for its appearance.

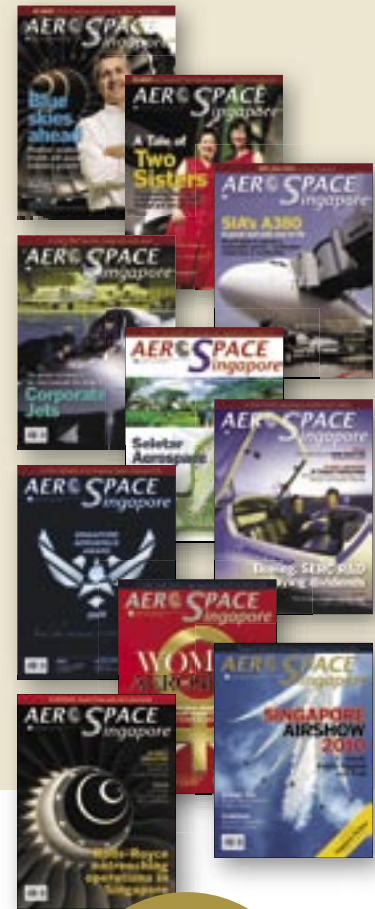

The specialist magazine caters to this highly specialised niche and covers important issues of economic, commercial, legal, managerial and operational aspects of the industry. Its contents focus on current affairs, technological

advances, and new products and services. Sections in the magazine are devoted to Space Technologies, Defence, the Civil Aviation Authority and Lifestyle.

AeroSpace Singapore will also forge important business links between suppliers and users of aerospace components and services in its Classifieds section.

The frequency of **AeroSpace Singapore** is initially set at a quarterly basis with the ultimate aim of it going bi-monthly later.
